EDUCATION

COLLEGE NAME
Bachelor of Engineering Stream
December 2021 - Present | Pune, Maharashtra
Classification: First Class (Predicted)

PROJECTS

FACERECOG | Python, YOLOv7, PyTorch, Google Colab, Flutter
Apr 2023

- FaceRecog: a real time face detection and recognition custom YOLOv7-model trained in Google Colab virtual GPU support along with a comprehensive GUI made in Flutter.

SKILLS

PROGRAMMING
Proficient:
Python • Java • C • C++ • HTML5 • CSS
Currently Learning:
Linux • NodeJS • JavaScript • ExpressJS
Familiar:
Flutter • LaTeX • Kotlin
VCS & BUILD TOOLS
Git • Github Actions
DATABASE SYSTEMS
Proficient:
MySQL
Familiar:
SQLite • MongoDB

LANGUAGES

- **English,** full professional proficiency
- **Hindi,** native proficiency
- **Marathi,** limited working proficiency

COURSEWORK

- Algorithms and Data Structures
- Computer Networks
- Operating Systems
- Theory of Computation
- Machine Learning
- Processor Architecture
- Object-Oriented Programming
- Software Engineering
- Computer Organisation
- Linear Algebra
- Discrete Mathematics

ACTIVITIES

- Association for Computing Machinery
- ACM Chapter
- F.E Student Association
